Gurdwara Web

Your committee pack · A website that serves your sangat

Get your free designs

3–4 different homepage designs within 24 hours of receiving your brief, free before payment. No commitment, no card needed. Email your Gurdwara's name, website if you have one, and priorities to hello@gurdwaraweb.com. Every design is unique to your Gurdwara; we never reuse another Gurdwara's design. Each makes giving simple. Choose your favourite and request changes: refinement to the final design is free. These are homepage concepts, not completed websites.

Full website service	UK · GBP	US · USD
One-off setup	£499	$649
Required monthly hosting and care	£100/month	$129/month
Core checkout today: setup + first month	£599	$778

No VAT is charged. Invoices are issued in your Gurdwara's name. Pay setup by card through Stripe, or request a bank-transfer invoice. Bank details are supplied privately, never on the website. Optional extras are separate one-off fees.

What is included

Mobile-first design, agreed core pages, required hosting, software upkeep and routine maintenance. Choose existing community tools with no separate tool licence fee: Gurpurab calendar, Gurmukhi learner, Simran timer, Paath/Nitnem tracker and Hukamnama/readings. Giving-journey support is design and guidance, not a guarantee of increased donations.

Your language, access and updates

Gurmukhi and English side by side using text you supply or approve; we do not claim to translate. Large-text and accessibility options support elderly sangat. Sevadars can email simple update requests within your agreed maintenance allowance. One named project contact replies within one working day.

Ownership and cancellation

Monthly with no minimum term. Cancel anytime by emailing before your next renewal; that is the notice period, with no separate 30-day notice. Your domain remains in your Gurdwara's name. A standard domain is included if needed while service is active. We hand over your site files and domain free on exit. You then arrange replacement hosting, renewals and any third-party licences/accounts. Premium domains are extra by agreement.

Data care and safeguarding

No tracking cookies and minimal data collection. No children's personal details or photos on class or event pages unless your committee confirms appropriate consent. Please do not send children's information with an initial enquiry. Stripe handles payment; Netlify hosts the website; email services handle correspondence.

Design ownership

Designs, drafts and previews remain the property of Spire Trade Advisors Ltd until setup is paid in full. Unpaid designs may not be used, copied or adapted. Full payment gives your Gurdwara the right to use its chosen design for its site. Your own content, name, logo and photos always remain yours.

Your next step

Email hello@gurdwaraweb.com for your 3–4 free designs or a named invoice. Your full site can be live within 7 days of paid booking when content, access and approvals are ready. See gurdwaraweb.com for terms, privacy and optional extras.

Gurdwara Web is a service of Spire Trade Advisors Ltd, which is not VAT registered. These are commercial service fees, not donations; no tax-deductibility is claimed. Costs and scope are confirmed in writing. 7 November 2026.
